

ONLINE MS IN MANAGEMENT

HEALTHCARE ADMINISTRATION CONCENTRATION

CREATED AND TAUGHT IN COLLABORATION
WITH MAYO CLINIC COLLEGE OF MEDICINE
AND SCIENCE

LEAD THE FUTURE OF HEALTHCARE

The healthcare industry is rapidly evolving and there is an increasing demand for professionals who can effectively manage complex healthcare systems. The Online MS in Management with a Healthcare Administration concentration from Northeastern University is designed to meet this demand by offering a comprehensive understanding of healthcare policy, management, finance, and quality improvement.

The program focuses on leadership and strategy, providing graduates with the skills and knowledge necessary to excel in various healthcare settings, including hospitals, clinics, and health insurance companies. Whether you have prior experience in healthcare or not, our program equips you with the necessary knowledge and skills to effectively lead and manage healthcare organizations.

THIS PROGRAM IS FOR:

- Professionals from diverse fields outside of healthcare who wish to make a career change into healthcare.
- Early- to mid-career healthcare professionals who want to move into the business side of healthcare and acquire management skills.
- Individuals from various professions, such as human resource professionals, social workers, marketing and communications professionals, urban planners, project managers, and retail managers, who want to explore opportunities in healthcare management.

FLEXIBLE DEGREE OPTIONS

You have three choices for joining the program, **all 100% online**. Complete the full Master of Science in Management degree, earn a graduate certificate, or enroll in specific courses.

CUSTOMIZE YOUR EXPERIENCE

The full master's degree is composed of a total of 10 courses and can be **completed in 12 months**. You'll take 8 core and concentration courses and choose 2 business electives.

Courses are 7.5 weeks long to allow maximum flexibility while also providing you with a focused learning experience. Stack courses or take them one at a time - you get to choose your own pace.

EXCEPTIONAL ONLINE LEARNING

On-demand: Core content presented by top faculty is available on video, on your schedule. Curated material is delivered by Northeastern faculty, experts in areas including innovation and change management. Included in the learning experience are spotlight videos from Mayo Clinic senior executives.

Personalized: You'll have access to weekly faculty-connect sessions, faculty office hours, and a dedicated success manager to help you navigate the program and resources. You'll build knowledge, experience, and networks through group projects and group discussions. Plus you'll be connected to fellow learners through a dynamic online platform.

Experiential: You'll be able to hone your skills on live projects inside your own organization, integrated with your work, or on a simulation - your choice. Specially developed case studies from Mayo Clinic College of Medicine and Science are up-to-the-minute. Courses, cases, and exercises create learning that is rich, vibrant, and real-world rooted.

Northeastern University D'Amore-McKim School of Business

FEATURED FACULTY

JOHN HALAMKA, M.D., M.S. is an emergency medicine physician, medical informatics expert and president of Mayo Clinic Platform, which is focused on transforming health care by leveraging artificial intelligence, connected health care devices and a network of partners. Dr. Halamka has been developing and implementing health care information strategy and policy for more than 25 years.

MARC H. MEYER is the Robert J. Shillman Professor of Entrepreneur-ship and the Matthews Distinguished Professor at Northeastern University. Professor Meyer founded Northeastern's Entrepreneurship and Innovation Group, and also leads the Center for Entrepreneurship Education. As an innovation consultant, he has led next-generation product and platform initiatives for companies in the consumer, industrial, healthcare, and financial sectors.

YOUR FACULTY: INNOVATION LEADERS

You'll learn from world-renowned experts in the healthcare industry. You will benefit from the expertise of a team of star faculty members from Northeastern's D'Amore-McKim School of Business and Mayo Clinic College of Medicine and Science, as well as top executives from Mayo Clinic. In addition, our curriculum incorporates real-world case studies drawn directly from the experience of Mayo Clinic, allowing you to apply your learning to authentic challenges faced by healthcare organizations today.
